

## Introduction

Ideally situated between Dieppe and Eu-Le Tréport, in the country but also a stone's throw from the sea and from the town.

Le Manoir de Graincourt is a typical Normandy manor, built in the 18th and 19th century and is located beside the church in the village of Derchigny Graincourt. It is truly an oasis of peace and tranquillity and the perfect starting point for discovering Normandie and Picardie.

You will be made welcome in our guesthouse. Each bedroom overlooks a large, forested park of 6000sq.m, which is divided into small gardens protected from wind and noise. You will also have at your disposal a billiard room and rooms for reading and relaxation.

This magnificent property will be the ideal place for your short or longer visits, for your private, professional or family gatherings.
